INSULATED ALUMINUM PROFILES

HIGHER VISIBILITY

Sun shading system with insulated aluminum slats.

Panoramica grants the solar shading of a sunshade with the protection of an insulated Roller shutter.

You can customize it, with medium density insulation, **70 different colors and 4 different light space** between slats, when the shutter is down. Suitable with efficient and compact motors, to let you save on costs, increasing power efficiency.

Enjoy the great view you will have from inside, keeping your privacy at the same time!
